

## Mechanic

### Requirements:

- Desire to do 'whatever it takes' to complete equipment repairs and improvements in a timely manner.
- Desire to 'continuously improve' in all aspects of the job.
- Willingness to support a team in the larger effort of growing more cranberries.
- Willingness to work in the shop and in the field under all weather conditions.
- Willingness to work long hours, particularly during harvest or emergencies.
- Available and scheduled on-call during off hours for emergency equipment repairs (typically one week on – one week off).
- Willingness to learn new skills.
- Basic set of mechanics tools (specialty tools available).
- Ability to troubleshoot problems using service manuals.
- 3 to 5 years experience in complete heavy & light duty diesel repair.
- Must possess a valid NJ driver's license.

### Work performed:

- Preventative maintenance on small and large trucks, heavy equipment and specialty equipment, including fluid and filter changes, brakes, tires, etc.
- Minor and major repairs to small and large trucks, heavy equipment, farm equipment, and specialty equipment including but not limited engines, drivetrains, electrical systems, fuel systems, hydraulic systems, irrigation systems, etc.
- Whatever else is needed
- Standard hours M-F 7:00 AM to 4:30 PM, extended hours during harvest and when needed
